***Response to Amendment***

This office action is in response to the amendment filed on March 16, 2009.

Claims 8, 10-12, 20-25 and 27-30 are pending for examination. Claims 1-7, 9, 13-19, 26 and 31-36 have been canceled. Claims 8, 20 and 25 have been amended.

***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 8, 10-12, 20-25, and 27-30, are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

As to claims 8, 20 and 25, these claims recite "typing said database column with said container so as to associate the column with the container and thereby require that the XML instance stored in the column and any other XML instance stored in the column conforms to the schema of any of the at least two of the XML schema namespace URIs in the container..." However, the fact to applying "typing" to the claimed database varies from system to system, application to application and user to user, thus, without specifically specifying the method to perform the claimed typing such as using "anyURI" parameter, the claimed typing merely renders the claim as ambiguous.

As to claims 10-12, 21-25 and 27-30, these claims have the same defects as their base claims, hence, are rejected for the same reason.

***Allowable Subject Matter***

Claims 8, 10-12, 20-25 and 27-30, would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

***Response to Arguments***

Applicant's arguments with respect to claims 8, 10-12, 20-25 and 27-30 have been considered but are moot in view of the new ground(s) of rejection.

***Conclusion***

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not

mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
